Summary: "This is a terrific blend of adventure ('Seeing a bison gallop thirty miles an hour-as they can-is like seeing a grand piano suddenly sprout horns and charge you with the speed of a horse.') and ecological forecasting (and forewarning) that aptly conveys the passion of a devoted outdoorsman, and serves as a wake-up call to the state of our planet."- Publishers Weekly " Before They're Gone is a beautifully written, moving meditation on the meaning of parenthood, our parks, and the first generation of children to grow up in the age of global warming."-Richard Louv, author of The Nature Principle and Last Child in the Woods "Intriguing premise; decent execution-certainly of interest to environmentalists and other eco-minded readers."- Kirkus Review "Michael Lanza braids a story of family, wilderness, and climate that's at once heartwarming and terrifying. I envy his kids for the incredible year they spent exploring America's finest wild places. Their values, for people like me, often are taken for granted. In this wonderful book, Michael Lanza's children learn and experience what is most important about our national parks the necessity to leave them 'unimpaired for future generations' and why."- Bill Wade, Chair, Executive Council, Coalition of National Park Service Retirees and former superintendent of Shenandoah National Park "Delightful a fresh and engaging way to tell the...
