That is why big cats, especially leopards take some portion of their kill and leave it in the branches of trees, intending to come back to the already ready meal the next time they feel hungry. So is this surprising that down the ages human beings have also been using different preserving techniques in order to keep food for a longer time? This food is preserved in vinegar and in oil, depending on your recipe. So in this beginners guide on how to preserve food/fruit, you are going to learn how to prepare fruit, before preserving it. And after that, you are going to cook fruit so that your family can enjoy it long after the season has gone. You can thus make jams, jellies, marmalades and use other traditional methods to save fruit. In ancient...
