Fortunately its flora has been studied as thoroughly probably as that of any other western area of similar size. The results of these investigations have appeared from time to time in several local floras. The first of these was entitled Flora of Jackson County, and was published in 1882 by Mr. B. F. Bush. In 1885 Mr. Bush and Rev. Cameron Mann published a supplement to this flora, and in 1888 Mr. Bush published a second supplement. Bush complete the list of works in which any Jackson County plants are enumerated. At the time when the earlier lists were published, there was no work which dealt with the flora of this...
