Tunisian Crochet Guide: 25 Simple Tunisian Crochet Patterns To Become An Advanced Crocheter(FREE Bonus Included) Crochet is a hobby that has been gaining a lot of popularity in the past few years. More and more people are realizing the value in handmade items, and they are learning that they can make these items themselves. Crochet is an excellent choice for a craft project. It is so easy that anyone can do it, but at the same time, it is complicated enough that no machine can mimic the movement. This means that every piece you see is handmade. Many people like to learn crochet, and they are happy with that, but then there are those that like to take it to the next level. They want to work on harder patterns with more elaborate designs, or they want to mimic the look of knit while still doing crochet. This is called Tunisian crochet. It uses a larger hook, and it is worked more like knitting than it is crochet. Don t worry, you don t have to knit in order to learn how to do this, and you can do it no matter what your level of crochet is. That is where this book comes in. Teaching you everything that you need to know when it comes to the world of Tunisian crochet, and providing you with 25 patterns to practice with, you are going to be able to take crochet to an entirely new level. Get ready, this book is going to show...
