New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Most writing books merely teach you how to edit your own writing. Writing That Works is a complete guide that shows you how to get ideas, develop them, organize them, and produce a finished product in your very own individual style. Here's how the book works: The Prewriting section shows you how to get started; how to cluster ; and how to organize your ideas into an outline. The Freewriting section shows you how to freewrite, and then how to freewrite from a cluster. The Rewriting section shows you how the pros do it; a fast way to do it; the thorough way to do it; and how to edit other people's writing. The Style section shows you how to develop your own style; and how to use your style to deal with paragraphs, sentences, phrases, and words. The Mechanics section deals with spelling, punctuation, syntax, and the four sure-fire steps for eliminating mechanical errors in your writing. The Business Writing section deals with how to write reports, proposals, memos, and letters. Samples of...
